LOST THEIR HEADS

**Hundreds of Girls Jammed
In Narrow Stairway Dur-
ing a Panic.**

EIGHT LIVES ARE LOST

**An Unfounded Rumor of Fire In a
Big Philadelphia Cigar Factory
Leads to Distressing Scene.**

**Frantic With Fear of Imaginary
Danger the Girls Became Lost
to Reason.**

Philadelphia, May 1.—An unfortu-
nate accident to a deaf and dumb boy,
Isador Bacus, was yesterday directly
responsible for the death of eight
girls and young women, and the fatal
injury of three others, and the serious
injury of more than two score of girls
employed in the cigar factory of Har-
burger, Homan & Co., a branch of the
American Tobacco company, located at
Tenth street and Washington ave-
nue.

The building in which the disaster
occurred is a five-story brick struc-
ture and reaches an entire block.
Twelve hundred persons were at work
at the time of the accident, 90 per
cent of whom were girls whose ages
range from 12 years upward. The
trouble began on the fourth floor of
the structure, Bacus, who was janitor
of the building, started for the
fifth floor for a ball of twine. The
elevator was at the top of the shaft,
and Bacus pulled the rope to bring it
down. He opened the door leading to
the shaft and leaned forward to see
where the carriage was. As he did so
the elevator, which was descending
slowly, struck him across the back of
the neck, pinning his head between
the elevator and the floor. A stock
boy released Bacus and cried for
help. The foreman rushed from the
building to call an ambulance and im-
mediately there was a panic among
the employees.

Some of the younger girls fainted,
while others, not being able to control
their feelings, cried fire. Instantly
there was a mad rush for the stair-
way leading to Tenth street. The
girls rushed down the narrow stair-
case until they reached a bend in the
exit between the second and third
floors. In their eagerness to escape
the frightened leaders fell. Other im-
mediately following tripped over the
struggling mass of humanity and in-
less than a minute there were hun-
dreds of children and young women
struggling in the passageway. The
shrieks and screams of terror-stricken
girls could be heard for a block or
more. During the excitement an
alarm of fire was turned in, but before
the engines could reach the scene
several of the occupants of the build-
ing had rushed to the windows and
jumped to the street, a distance
of over 50 feet. Helen Tolini, one
of those to jump, was instantly
killed. When the firemen and police-
men arrived every effort was made to
quiet the terror-stricken girls. The
firemen rushed up the stairway and
began to check the girls to be calm,
telling them that there was absolutely
no danger, but the sight of the firemen
seemed only to add fuel to the flame.
While the policemen and firemen were
endeavoring to quiet the girls on the
stairway ladders were being run up on
the outside of the building and the
employees who had climbed out onto
the fire-escapes and window ledges
were quickly taken to the street. After
a few minutes the men were en-
abled to check the awful crush on the
stairway and then began the work of
rescuing those who had been trampled
and crushed between the second and
third floors. The alarm for ambulances
had been turned in, and as quick
as the dead and injured could be
carried from the building they were
hurried to hospitals. The number of
ambulances were entirely inadequate
and patrol wagons were brought into
use to carry the victims away for
treatment.

The panic was over in less than half
an hour, but in this brief space thou-
sands of persons had been attracted
to the scene by the wild screams of
the relatives of the victims and the
shrieks of the girls at the windows.
Because of the great excitement it was
almost impossible to get an intelligent
idea of the disaster, and it was three
hours after the accident occurred be-
fore a single victim was identified.

Twelve Thousand Workmen Out.
Pittsburg, May 1.—The May Day
strike fever is on in this city, and this
morning nearly 12,000 workmen failed
to report for duty because their em-
ployers have refused to comply with
their demands for advances in wages
and shortening of hours, the principal
demand of all the unions being for an
eight-hour day. Those on strike are
the structural iron workers, number-
ing 2,300; carpenters, 5,000; house
wiremen, 250; tile setters, 200; slate
and tile roofers, 300; sheet metal
workers, 300; plumbers (probably)
650; bricklayers, 2,000; lathers, 300.
The striking of these men will stop
much of the building operations now
under progress.

The Last Day.
Wheeling, W. Va., May 1.—The
Amalgamated association convention
will adjourn this evening.

PRE-ELECTION PLANS

**Talk of Deputyships in State Office
Already Rife.**

Indianapolis, May 1.—There is more
truth than poetry in the talk that
Warren Egler of Wabash is to be
chief deputy under Dave Sherrick of
Noblesville if the latter is elected au-
ditor of state next fall. It does not,
however, savor of a deal, as some
would like to make out. Sherrick and
Egler have been close political friends
for a long time, and if Egler will ac-
cept it it is about a settled thing that
he can have the place. It is not by
any means sure that he would accept
it, though, as he is a man of wealth and
has a large private business that re-
quires his close attention. Still it
might be that he would take the place,
which is a good one, paying something
like \$3,500 a year with the side issue
compensation as secretary of the state
board of tax commissioners. There
was talk this year of Egler coming out
as a candidate for auditor, and some of
the other candidates, recognizing his
strength, nearly had a fit with fright,
but he did not desire to make the
race at this time. It would not be sur-
prising, however, if the man who suc-
ceeds Sherrick should have Egler to
beat, as he may become a candidate
for auditor at the end of the next four
years.

The resignation of Charles B. Rogers
of Shoals, Ind., as consul to Zan-
zar, is understood, took effect
today. This leaves the island without
a regularly appointed representative
for Uncle Sam. The position of con-
sul to Zanzar has been a sinecure
for Indiana politicians for a long time.
John Billheimer of Washington, Bob
Mansfield of Marion, now consul to
Valparaiso, and Rogers have held it
long enough to take a long pleasure
trip and draw a good salary for several
weeks after their return home. The
excuse of most consuls who have gone
to the island is that they could not
stand the climate. There has been some
talk lately to the effect that Sena-
tors Fairbanks and Beveridge
would refuse to recommend anyone
else from Indiana for the place, as it
is a standing joke at Washington that
the Indiana men have used the ap-
pointment. But there are a number
of faithful sons from Hoosierdom who
think a trip to Zanzar with a high-
sounding title is just the thing for
them, and they have their hands up
for the place, and it will hustle the
two senators to keep their vow not to
recommend another Indian for the place.

Major Steele of the Eleventh dis-
trict is en route home from Washing-
ton to patch up the holes in his
fences so that he will be able to brush
aside his opponents at the Republican
congressional convention at Wabash
May 21. The opponents of the major
—Fred Landis of Logansport, Dr. Good
of Warren and Carey Cowgill of Wa-
bash—think they have a combination
that will put him out of politics for
keeps, but they may wake up and find
they have reckoned without their
hosts, as the major is considered one
of the smoothest politicians in the
state, and he has broken up opposi-
tion so often as to seem almost invin-
cible. Then he has a good machine
with him that he has been building
for years, and while it is true that a
majority of the delegates are against
him now, he is a strong second choice
among delegates who have been nam-
ed for one or the other of the com-
bination candidates, so when the
break-up comes he stands just as good
a chance of getting some of the dele-
gates as the others do. The conven-
tion promises to be second only to
the state convention in point of at-
tendance.

No Decision Reached

New York, May 1.—After spending
two entire days in endeavoring to ar-
rive at a settlement of their differ-
ences, the operators and representa-
tives of the United Mine Workers of
America, who were brought together
by the good offices of the National
Civil Federation, have again referred
their troubles to the committee on con-
ciliation of that body. When the com-
mittee will meet for the purpose of
taking the matter up has not been
definitely settled, but the probability
is that the meeting will take place
either Friday or Saturday of the pres-
ent week.

Voluntary Bankruptcy

Chicago, May 1.—The wholesale
jewelry firm of Moore & Evans, one
of the largest in the West, was placed
in the hands of a receiver yesterday.
The application for a receiver was
made by three creditors, one of whom
had claims amounting to \$15,000. It
has been rumored for some time that
the firm was in a bad way, and as
creditors began to hurry in their
claims, the company decided to go
into voluntary bankruptcy. Liabilities
are \$175,000; assets, \$100,000.

A Waiter's Complaint

Washington, May 1.—Congressman
J. J. Butler of Missouri is made the
defendant in a suit for \$10,000 dam-
ages instituted in the district supreme
court by August Scholz, a waiter at
a local hotel. Scholz alleges that
while serving the Missourian at the
hotel Saturday the latter assaulted
him. Mr. Butler used vile and ab-
usive language toward him and struck
him a heavy blow with a water bottle.

Assassin Sentenced

St. Petersburg, May 1.—Balsaneff,
the man who assassinated M. Spiga-
guine, the Russian minister of the in-
terior, April 15, has been sentenced to
death. He will be hanged May 3.

OLD LAW REVIVED

**District of Columbia Will
Profit By Enforcing
Tax Law.**

ONE HUNDRED MILLION

**That Much Personal Property Has
Been Going Untaxed in the
National Capital.**

**Congress Will Enforce the Law and
Bring This Under Taxation—
In the Senate.**

Washington, May 1.—The house yester-
day passed the agricultural appropria-
tion bill and began consideration
of the District of Columbia appropria-
tion bill, the last but two of the regu-
lar supply measures. By the terms
of a special rule adopted before the
district bill was taken up it will be
in order to attach a rider to it to
make operative the existing personal
tax law of the district, which has been
a dead letter for 20 years. Chairman
Cannon estimated that there was \$103,-
000,000 of untaxed personal property
in Washington. The Goldfogle resolu-
tion calling on the secretary of state
for information as to whether Ameri-
can citizens of Jewish faith were ex-
cluded from Russia, was adopted.

IN THE SENATE

**Warm Discussion Precipitated Over
Philippine Matters.**

Washington, May 1.—A resolution
offered in the senate yesterday by Mr.
Patterson (Col.) directing the secre-
tary of war to order by cable Major
Gardner, now in the Philippines, to
come immediately to Washington to
appear as a witness before the Philip-
pine committee, precipitated a warm
discussion. The debate continued for
about two hours, considerable feeling
being manifested on both sides of the
chamber. The charge was made by the
minority that the majority of the com-
mittee was endeavoring to suppress
facts and information. This was de-
nied by the chairman of the commit-
tee, Mr. Lodge, who said that any such
action would be inconceivably stupid.
All parties, he insisted, were anxious
for the fullest information, but he and
others contended that it would not be
advisable to cable to the Philippines
for Major Gardner, as he was about to
come home and would be here in time
to appear before the committee. Mr.
Patterson and Mr. Carmack (Tenn.)
urged that Gardner's testimony was
particularly important and that it
ought to be had before action was
taken on the pending bill. The resolu-
tion finally went over.

The bill for the purchase of the
Rosebud reservation in South Dakota
and the sundry civil appropriation bill
were considered, but no action was
taken on them.

A PRETTY CONTEST

**Keen Rivalry For Presidency of Fed-
eration of Women's Clubs.**

Los Angeles, Cal., May 1.—With the
arrival of many special trains from
the East and North, carrying delegates
to the biennial convention of the Gen-
eral Federation of Women's clubs, the
various headquarters at the hotels and
at Simpson's auditorium have become

centers of bright color and lively ac-
tion. Many of the specials were late
in arriving, and a few are still hours
from the convention city, yet thou-
sands were here ready for the opening
session today.

The Santa Fe brought in three spe-
cial trains yesterday with 500 dele-
gates aboard, including representatives
from Missouri, Indiana, Nebraska,
Ohio and Illinois. New York's dele-
gation of 15 members and a second
party from Illinois came in at 6 p. m.
over the Southern Pacific via El Paso.
The railroads estimate the number of
those arriving to attend the conven-
tion at 8,000.

Mrs. Dimies T. S. Denison of New
York is prominently mentioned as the
Eastern candidate for the presidency,
while Mrs. Platt Decker of Denver
and Mrs. Robert J. Burdette of Pas-
adena are the Western candidates. It
is generally conceded that the hon-
ors among these three women, al-
though there will be others in the
field.

NEW SECRETARY

**Long Leaves and Moody Takes Hold
of Navy Department**

Washington, May 1.—Secretary
Long closed his official career as the
head of the naval establishment yester-
day, and Secretary Moody assumed
the duties of secretary of the navy
today. Very few changes will follow
the change in the head of the depart-
ment. Only one which will take ef-

fect at once will be the installation of
Fred L. Fishback as confidential clerk
in place of Mr. Greer, who has been
appointed an assistant paymaster in
the navy.

Mr. Fishback is clerk of the house
committee on banking and currency
and is a personal friend of the new
secretary. Cyrus W. Wells, private
secretary to Secretary Long, will serve
Secretary Moody in the same capacity
for the present.

A Farewell Party.
Washington, May 1.—Secretary of
the Navy John D. Long was given a
complimentary dinner at the New Wil-
lard hotel last night by the chiefs of
the various bureaus of the department
with whom he has been associated
during his official career which came
to a close yesterday. Covers were
laid for 15.

FIFTY DAYS' FAST

**La Grange Woman Follows
Advice Given Quarter of
Century Ago and Dies.**

A NOVEL CANCER CURE

**Mrs. Mary Hall Was Told Years
Ago That She Would Die of Can-
cer and Fears Overcame Her.**

**Believing That the Prophecy Had
Been Fulfilled She Slowly Starves
to Death.**

La Grange, Ind., May 1.—Mrs. Mary
Hall is dead after fasting fifty days
on account of advice given her by a
doctor more than 25 years ago. At
that time she was told that at some
future time she would be afflicted
with cancer on her nose which would
cause her death. Since then she has
been acting in accordance with that
opinion and fifty days ago she ceased
eating, saying that the cancer would
thus be driven away. Physicians
could not change her mind. A post-
mortem examination revealed the fact
that her organs were in perfect con-
dition.

INDIANA CARRIE NATION

**Alexandria Woman Promises to Do
Things to Joint Keepers.**

Alexandria, Ind., May 1.—An Alex-
andria woman threatens to "Carrie
Nation" all the gambling houses in
town if her husband returns home
without his wages again. She has
given notice through a local paper
that she will take a hatchet and wreck
every poker game in town. As there
are about 25 of these games, the wo-
man and her hatchet will be busy for
a time. The woman has a few confi-
dential friends who assert that she
means business and they intend to
help her.

A Surprised Burglar.

Marion, Ind., May 1.—Washington
Groff, former superintendent of the
Marion police force, was caught in the
act of attempting to force an entrance
to a grocery, and placed under arrest.
The officers who made the arrest had
been watching him for some time be-
fore closing in on him, but so intent
was Groff on his work that he did not
realize that he was being watched un-
til he turned around to find himself
facing the muzzle of a revolver. Groff
has been suspected by the police as
being implicated in several robberies
of late.

He Was Too Late.

Winchester, Ind., May 1.—Sheriff
Overman was just 20 minutes too late
in getting to Union City to serve an
injunction against the city council, in
preventing the purchase of the water
and light plant for \$48,000. The in-
junction was asked for by citizens
who did not want the city to purchase
the plant and when councilmen heard
of the injunction they called a special
session and passed the appropriation
before the paper could be served. A
lawsuit will probably follow.

Cartridge Exploded.

Marion, Ind., May 1.—William Dol-
lar, manager of the American Tele-
graph and Telephone office, accident-
ally shot and probably fatally wound-
ed himself while attempting to remove
the cartridges from a revolver. The
weapon exploded, the bullet taking ef-
fect in his left breast, penetrating the
lung. Mr. Dollar's condition is very
serious.

Tangle Adjusted.

South Bend, Ind., May 1.—The tan-
gle over who is to take the office of
city treasurer in the event that Treas-
urer Rutherford is elected mayor, has
been unraveled by County Treasurer
Zigler agreeing to take the office, al-
though its duties are many and the
salary is small.

Successful Graduate.

Greencastle, Ind., May 1.—John S.
Maxwell, a student of DePauw uni-
versity, who graduates in June, has been
chosen for the chair of oratory and
physical culture at Huron college, a
Presbyterian institution at Huron, S.
D. He will begin his duties there next
September.

Shammed Insanity.

Kokomo, Ind., May 1.—Wade Cooper,
colored, under sentence to prison,
has been shamming insanity by but-
ting his head against the wall. When
the ruse did not work he confessed
that it was a sham to escape going to
prison.

Another Strike Order

South Bend, Ind., May 1.—President
Bert of the local Federation of Labor,
has issued an order calling out all union
men at the Singer factories, as he
claimed Manager Pine had failed to
do as he had promised.

Gas Let Go.

Alexandria, Ind., May 1.—George
Goler, master mechanic of the Kelly
ax factory, was probably fatally burn-
ed while lighting gas under a new
boiler. The factory was not damaged.

Woman's Suicide

Connersville, Ind., May 1.—Mrs.
Queen B. Gordon is dead from a dose
of poison. She was 45 years old.

THE Democrat has secured another editorial writer.

CONGRESSMAN ROBERTSON, democrat, was renominated by the democrats of the Twelfth district Wednesday.

WE DO NOT blame the Democrat for wanting to forget Billy Densford. The Democrat and its several editors all supported Densford. No wonder they want the people to forget.

THE republican party is the party of progress and prosperity. The people have experienced the best and most prosperous times under republicans. Keep the republicans in power. Vote the republican ticket.

A FEW weeks ago after some reverses in his, the Second congressional district, Robert Miers announced that he would not be a candidate for renomination, but he got in the race again and will quite likely be nominated today at Vincennes.

It is said that Wesner, democratic chairman, and candidate for city judge, has not called on all who were candidates before the primary whose defeat was prearranged by the bosses. He fears the welcome (?) that would be accorded him.

EVERY candidate on the republican city ticket is worthy of the support of the people. They are men who will look closely and carefully after the people's interests. They will represent the whole people and not a little crowd of self constituted bosses.

THE new Slack Stave Factory will employ nearly a hundred men at good wages. Will not that be a great benefit to the laboring men and the business men of Seymour? Yet the Democrat is opposed to the Slack Stave Factory and is committing the democratic candidates against it. The people will not submit to such knocking.

ACCORDING to the democratic bosses and the Democratic statesmanship for George Huber to vote \$2,000 to the Humes Plaining Mill located in the First ward, but they still insist that giving aid to the Slack Stave Factory, located in the Third ward, was wrong. For that reason they planned the defeat of Councilman Nichter. What do the voters of the Third ward think of such discrimination against them?

A. W. MILLS believes in progress and as mayor he has used his best endeavors in behalf of the people of our city. He has always been steadfast in his efforts to forward the interests of Seymour. His loyalty has never been doubted and when work was to be done he has never faltered. He has always been ready to do all in his power to push forward enterprises that would benefit the labor interests and the business interests of this city. He deserves the hearty support of the people for re-election. Work and vote for Mills.

Wrong Impression.

There seems to be a wrong impression out about the disbanding of the Leffer-Brocker show. Some seem to have the idea that Mr. Leffer left with the gate receipts on hand, but those in position to know say that this is not the case. But that he saw what was coming and decided to leave the show and go in search of work. They say he took no money with him at all. Mr. Leffer has always borne a good reputation here and his many friends are sure that he has done nothing wrong whatever. Just what will be done with the show has not been definitely determined yet.

APRIL WEATHER AND CROPS

All Kinds of Weather Was Supplied During the Month of April.

April, 1902, was cool, dark and dry. The sunshine was deficient and drouthiness prevailed up to the 28th, when a very generous rainfall improved conditions and the general crop outlook materially. Wheat and grasses are in fine condition and oats are growing nicely since the rain. Peach germs and some grape vines and berry canes are badly injured. Apples and other fruits promise well, vegetation is making good progress and some corn has been planted. Live stock are in good condition. In some locations the San Jose scale has appeared.

Thunderstorms were noted on the 5th, 20th, 22nd and 28th, hail fell on the 25th and 28th, and abrupt cold waves occurred on the 8th and 23d. Gales were frequent and on the 26th much fencing and many trees were damaged. Ice formed on the 8th and 9th, and a very heavy killing frost was noted on the 3d. The maximum temperature was 86 degrees above zero on the 21st, the minimum was 24 degrees above on the 8th, and the monthly mean was 50.5 degrees above zero. There was half an inch of snowfall during the month. Rain fell on 7 days and the total precipitation was 3.35 inches. In all, 10 days were clear, 16 were partly cloudy and 4 were cloudy.
